COVID-19 (CORONAVIRUS)

February 27, 2020

Due to the possibility of the COVID-19 virus establishing itself in North America, we are preparing and enforcing protocols at Harrison Pointe to be as vigilant as possible and keep our facility virus and symptom free. Over the next few weeks you will see various measures put in place to combat any possibility of infection.

Beginning today, we will be enforcing the requirement to disinfect your hands prior to entering the dining room and Hangar. Your absolute cooperation is expected and appreciated. If anyone is symptomatic of a flu-like condition, they will be quarantined and meals brought to them free of charge. Visitors who do not use the disinfection stations will be refused entry to the building.

Bartenders should wash their hands frequently while bartending. If you wear gloves, wash your hands and change your gloves if you leave the dining area and then return to bartend.

These rules apply to staff as well as residents and visitors. Working together, we can remain healthy.

Thank you for your cooperation

Sincerely,

Glenn Bell
General Manager and Co-Owner
