## FRASER HEALTH AUTHORITY BANNED FROM ENTRANCE TO HARRISON POINTE

March 28, 2020.

Hi All

As of 7:00 am this morning, we have banned Fraser Health Authority employees from entrance to Harrison Pointe. Our Director of Care, Dawn Black, has worked out all the residents that FHA have been attending to and added them to our daily care schedule.

On Thursday, March 26<sup>th</sup>, Dr. Bonnie Henry banned health care workers from working at more than one facility. As of this morning, Langley Home Health, the division of FHA that manages the care workers within the Langley area, was still conducting the practice of having their health care workers go between facilities, even with yesterday's news of health care workers at three local care homes being tested positive for COVID-19. So, in the interest of the safety of our residents and staff, we have banned their entrance and made this decision under authority of Part 3, Division 1 of the Public Health Act.

We remain COVID-19 free and will do everything in our power to protect residents and staff.

Thank you for your continued support for this remarkable team of ours! They deserve it!

Sincerely,

Glenn S. Bell, BCLS, ASCT  
Co-Owner and General Manager
