

## Harrison Landing

March 20, 2020

Dear Residents,

Sadly, the number of cases of the new Coronavirus, COVID-19, is increasing in the community. At Harrison Landing, we are determined to keep you safe from this virus. We are doing everything we can to keep this a safe place for you, as well as our staff.

We have already implemented measures to prevent non-essential visitors in our building, and we are continuing to tighten security. Starting this weekend we will no longer allow outside care companies to come into the building, including Fraser Health Care Aides. We know that some of you rely on these services, and we are going to make sure that you still receive those essential services from our own Harrison Landing staff. Please be patient, as this will increase our workload. You may have to wait a little bit, but we will do our absolute best to provide you with the services you require. Our staff are working hard for you, to keep you as safe as possible. Please be understanding as we navigate this difficult time.

Effective tomorrow, we are also closing our dining room. This is in line with what is happening in the community as well, restaurants are not allowed to provide dine in service for the time being. Although we feel we are very safe inside Harrison Landing, it is in everyone's best interest to be extra cautious in these uncertain times. So we ask that you please practice social distancing as well, just as every citizen in British Columbia is being asked to do right now. Please help us to prevent the spread of this virus. We will be delivering your meals to your rooms for now. In order to provide this in a safe and time effective manner, we will be simplifying the menu for now. Again, our staff are working hard for you, please be patient and understanding as we continue to do what we feel is best for the Harrison Landing Community.

You can still move around within the building outside of meal times, just remember to use social distancing, and to keep it to small groups for now. We can all do our part to flatten the curve, and stay healthy.

Sincerely,  
Management, Harrison Landing
