December 15, 2020

Hi Everyone:

We are still awaiting the results of one staff member and 4 residents. We will have those tonight and, if I am still at Harrison Pointe, I will send out an email update this evening. To date, all swabs have come back NEGATIVE.

Fingers crossed!

Thank you for your continued patience. Although this is really putting people's mettle to the test, I hope that there is some comfort in knowing that we are all in the same boat until January 8, 2021 (and Bonnie Henry will probably extend that date if there isn't a significant improvement by then). If you are wondering why she picked January 8, 2021, it is likely because that date is exactly 14 days (the incubation period of this virus) past December 25, 2020 and many of us anticipate a major spike in cases due to the fact that the Order may be widely ignored by a large set of the population.

If you are wondering why I look like a hippie, it is because I again pledged not to get my haircut until you can. So, I am hoping that I will be getting a haircut on December 19th!!

Sincerely,

Glenn

Be Safe, Be Smart, Wear your mask PROPERLY!

SEE PAGE 2!!

All results are in. We are 100% NEGATIVE.

It has been a long, long road to this. I cannot explain how good I feel right now!

All staff and all residents, including all new staff just recently hired, do NOT have COVID-19.

We need to focus on prevention again. We won't let this thing back in this building.

Good night everyone!
