## **SWABBING POSTPONEMENT**

December 4, 2020

Hi All:

We have to postpone the testing for today. Unfortunately, our nurse is not feeling good today and we don't want to take any chances, since she would be in contact with 175 people here.

I will make arrangements to have two nurses from the FHA assist us tomorrow.

Sorry for the delay but we must be safe.

Sincerely,

Glenn Bell
